

## Why Are We Here?

We are here because we wish to help out our customers. We want to make them feel welcome, and we want to help them in any way that we possibly could. We want to help them get over their problems, and give them guidance as they see fit. We are not in any way going to push them into doing something they do not want to do. Please make sure that all are welcome.

Policy: Customers Before Your Breakfast, Lunch, or Dinner.
